NOW, THEREFORE, the declarant hereby declares that the real property (Foxtrace Subdivision,) as hereinabove described is and shall be held, pledged, transferred, sold and conveyed subject to the restrictive and protective covenants as set forth hereinbelow:

ARTICLE I

PROPERTY: The subdivision identified as Section 4, Phase 4, lots 521-526, 580-584, and 586-595, shall be limited to single family dwellings: no duplexes, triplexes or quad-plexes. No lot shall have an impervious area of ground cover (as more particularly defined by Division of

Environmental Management for the State of North Carolina) of more than three thousand (3,000) square feet. When two lots are combined per Article VI, then the maximum impervious area shall be six thousand (6,000) square feet. The allowable impervious area per lot as stated above shall include any built upon area therein between the edge of pavement and the right-of-way. These covenants shall define impervious area to include right-of-ways, paved right-of-ways, structures, pavement, walkways or patio of brick, stone or slate, not including wood decking.

ARTICLE II

LAND USE AND BUILDING TYPE: No numbered lot shall be used except for "single family residential purposes." "Single family residential purposes" is defined as a family unit related by blood or marriage as is customary in the area. A single family may consist of a single individual but shall not consist of units made up of a number of unrelated by blood or marriage individuals, whether adults or minors under the care of others wherein there is provided family care for usually two or more unrelated persons. A single family residential unit shall not be used nor shall residential purposes as herein set out be defined as covering the following types of uses: fraternities, sororities, family care homes, boarding homes, or any type residence in which a person or persons' care is paid for by himself or herself or others. No structure shall be erected, placed, altered or permitted to remain on any such lot other than one detached single family dwelling as defined above not to exceed two and one-half stories in height and such outbuildings as may be reasonably appurtenant to the dwelling, provided that the same are constructed in line with the general architectural design and construction standards used in the dwelling itself. All construction shall be custom type construction built on the lot for residential or any other purposes. No mobile homes, doublewides or pre-manufactured homes or any unit requiring

a Division of Motor Vehicles Certificate of Title shall be placed or constructed on any numbered lot in the subdivision hereinabove described. This covenant shall not be construed as prohibiting the use of a new single family detached dwelling as a model home for sales purposes.

ARTICLE III

EASEMENT RESERVATION: The grantor reserves for itself as developer, its successors or assigns, in that capacity, an easement, 10 feet in width, 5 feet of each side of the side lot line of each numbered lot as herein in Article VI determined that adjoin other number lots and 10 feet in width along all streets and back lot lines, and right at any time in the future to grant a right-of-way under over and along said easement along the side, rear and front property lines of each and every lot in the subdivision described herein, for the installation and maintenance of poles, lines, conduits, pipes and other equipment necessary to or useful for furnishing of all utilities including electric power, gas, telephone service, Cable TV, drainage, or other utilities including water and sewer service. Within these easements, no structure, fence, planting or other materials shall be placed or permitted to remain which may damage or interfere with the installation and maintenance of utilities or which may change the direction of flow of drainage channels in the easements, or which may obstruct or retard the flow of water through drainage channels in the easements. The easement area of each lot and all improvements in it shall be maintained continuously by the owner of the lot, except for those improvements for which a public authority or utility company is responsible. It is specifically provided in these areas or any area designated for utility easements, that any fence constructed over these areas shall be constructed in such a manner and maintained in such a way as to allow ingress and egress for said utilities.

ARTICLE IV

DWELLING, QUALITY AND SIZE: The ground floor of the main structure, exclusive of one story open porches and garages, shall be not less than 900 square feet for a one story dwelling, nor less than 700 square feet for a dwelling of more than one story.

BUILDING LOCATION: No building, dwelling or solar system shall be located on any numbered lot nearer to a front, side or rear lot than the minimum building line as shown on recorded plat hereinabove referred to, and/or as identified as the minimum set back in the subdivision regulations for Onslow County.

ARTICLE VI

LOT AREA AND WIDTH: No numbered lot shall be subdivided for purposes of construction except that a dwelling and its setback area may be built on one lot and a portion of another and the existing side lot line between the two said numbered lots be ignored, provided however, that the remainder of the lot divided shall be added to the adjacent lot and the dividing line between the divided lot shall be the new dividing line for purposes of setback of buildings as herein set out, unless the remaining portion of the lot from which a portion has been cut off is of a size sufficient in area to build a residence thereon. This shall be determined insofar as area is concerned as being of sufficient area to build on if said remaining portion of said lot is as large or larger than the smallest numbered lot in the above described and referred to subdivision and the dwelling placed thereon shall meet the minimum size requirement and be placed on the lot so as to meet the minimum building line setbacks and side and rear line setbacks as hereinabove provided in (Article V). All numbered lots on the above described plat may be build on insofar as area is concerned.

No fence shall be erected between the front building line of the main dwelling and the back lot line in excess of six feet in height. Where corner lots occur with adjacent lots sharing the same right-of-way line, no fence in excess of three feet in height shall be constructed along the right-of-way of the corner lots or nearer the right-of-way than the front building line of the adjacent lots. It is specifically provided in these areas or any area designated

BOOK 1303 PAGE 267

for utility easements, that any fence constructed over these areas shall be constructed in such a manner and maintained in such a way as to allow ingress and egress for said utilities.

ARTICLE XI

SIGNS: No sign of any kind shall be displayed to the public view on any lot except one professional sign of not more than one square foot parallel to the building line, one sign of not more than three square feet advertising the property for sale or rent, or signs used by a builder to advertise the property during the construction and sale period.

home or any unit requiring a Division of Motor Vehicles Certificate of Title, basement, tent, shack, garage, barn or other outbuilding shall be used on any lot at any time as a residence, either temporarily or permanently. No trailer, mobile home camper or like vehicle shall be parked on any lot at any time for any purpose unless it is parked behind the main dwelling structure or placed inside the carport or garage.

ARTICLE XV

TERM: These covenants are to run with the land and shall be binding on all parties and all persons claiming under them for a period of twenty-five (25) years from the date these covenants are recorded, after which time said covenants shall be automatically extended for successive periods of ten years unless an instrument signed by a majority of the owners of the lots has been recorded, agreeing to change said covenants in whole or in part.

ARTICLE XVI

ENFORCEMENT: Enforcement shall be by proceedings at law or in equity against any person or persons violating or attempting to violate any covenant, either to restrain violation or to recover damage.

ARTICLE XVII

SEVERABILITY: Invalidation of any of these covenants by judgment or Court order shall in no wise affect any of the other provisions which shall remain in full force and effect.

ARTICLE XVIII

ALTERATION, MODIFICATION OR CHANGE IN THESE RESTRICTIONS: These restrictions as they apply to the numbered lots hereinabove described may be altered, modified or changed at any time as to said number lots hereinabove described by written document executed and recorded in the Onslow County Registry by the then owners of not less than 60 percent of the numbered lots described in Article 1 above to which these restrictions apply. If the declarant owns 60

percent or more of the subdivided lots, the declarant may alter, modify or change these covenants without consent of anyone. Notwithstanding the above, none of the provisions of Article I may be changed or deleted without the written consent of the State of North Carolina.

ARTICLE XIX
