THIS DECLARATION OF RESTRICTIVE AND PROTECTIVE COVENANTS, made the 27 day of April, 1994, by DEBBY CRAYTON, INC., a corporation organized and existing under and by virtue of the laws of the State of North Carolina, hereinafter called "Declarant."

WITNESSETH:

THAT WHEREAS, the Declarant is the owner of the real property described in Paragraph 1 of this Declaration and is desirous of subjecting said real property to the protective covenants hereinafter set forth, each and all of which is and are for the benefit of such property and for each owner thereof, and shall inure to the benefit of and pass and run with said property, and each and every lot or parcel thereof, and shall apply to and bind the successors in interest and any owner thereof.

NOW, THEREFORE, Declarant hereby declares that the real property in and referred to in Paragraph 1 hereof is and shall be held, transferred, sold and conveyed subject to the protective covenants set forth below:

1. DESCRIPTION OF REAL PROPERTY:

The real property which is, and shall be held, transferred, sold and conveyed subject to the protective covenants set forth in the articles of this Declaration is located in the County of Onslow, State of North Carolina, and is more particularly described as follows:

BEING all of those numbered lots as shown on that plat entitled "Final Plat, Horse Creek Farms, Section IV-A" as recorded in Map Book 30, Page 161, of the Onslow County Public Registry.

2. GENERAL RESTRICTIONS:

Section 1. Residential Use: No lot, lots, or portions thereof shall be put to any use other than for residential purposes, except that any lot may be dedicated by the Declarant for a street or roadway. No structure shall be erected, altered, placed or permitted to remain on any Lot other than a single, one (1) family dwelling not to exceed three (3) stories in height, (which may include separate living quarters for one or more members of the owners' family or relative), a private garage which may contain living quarters for occupancy by domestic servants of the lot occupant only, provided that the same are constructed in line with general architectural design and construction standards used as the dwelling itself. Each dwelling shall contain a minimum of 820 heated square feet, and if two-story, the first floor shall contain a minimum of 500 square feet. This covenant shall not be construed as prohibiting the use of a new dwelling as a model home for sales/rental purposes.

Section 2. Prohibited Structure: No structure of a temporary character, trailer, basement, tent, shack, garage, barn or other outbuilding shall be used on any Lot at any time as a residence either temporary or permanently. No trailer, mobile home, camper or like vehicle shall be allowed on the property at any time, or any other structure which is finished or partially finished at a manufacturing unit or plant and transported for quick assembly or which is designed to be disassembled and relocated shall be allowed. It is specifically the intention and purpose of this covenant to prohibit the location of mobile homes, trailers, modular houses, relocatable houses, or similar type structures on the property. This covenant shall not be construed as prohibiting the use of such a structure as a sales/rental model, office or construction site facility.

Section 3. Building Location: No building, residence, garage or other permitted accessory building shall be located on any lot nearer to the front line, any side street line, interior or rear lot line, than as shown on the recorded plat. For the purpose of this covenant, eaves, steps, open porches, and carports shall not be considered as a part of a building provided, however, that this shall not be construed to permit any portion of a building on a lot to encroach upon another lot. An error of not more than ten (10) percent in the location of a building on the lot with respect to the minimum set back lines shall not be considered a violation of this covenant.

Section 4. Nuisances: No noxious, offensive, or illegal activity shall be carried on or conducted upon any Lot nor shall anything be done on any Lot that shall be or become an unreasonable annoyance or nuisance to the neighborhood. All Lots, whether occupied or unoccupied, shall be well maintained and no unattractive growth or accumulation of rubbish or debris shall be permitted to remain on a Lot. No automobile, other vehicle(s), motorcycle(s) or other similar items shall be repaired or placed "on blocks" or stands except in an enclosed garage. Declarant, its successors or assigns, reserves the right to enter upon and cut grass,

BOOK 1178 PAGE 368

weeds, or undergrowth on any lot or easement, but shall be under no obligation to do so. The Declarant may contract for, and assess to owner, any maintenance necessary to enforce his covenant.

Section 5. Animals: No animals, livestock, or poultry of any kind shall be kept or maintained on any Lot or in any dwelling except that household pets may be kept provided that said pet shall not exceed fifty (50) pounds in weight and are not kept for breeding or commercial purposes. Any such household pet shall not be allowed off the Lot of the Owner of said pet unless said pet is attended and on a leash. Owners shall be solely and absolutely liable for the acts of any pet kept on their Lot.

Section 6. Garbage and Refuse Disposal: No lot shall be used or maintained as a dumping ground for rubbish. Trash, garbage or other waste shall not be burned or disposed of on any Lot and shall be kept in sanitary containers approved by the Architectural Control Committee. All equipment for the storage prior to disposal of such material shall be kept in a clean and sanitary condition. The placement of containers shall be approved by the Architectural Control Committee and, in any event, shall be kept in an enclosed area not subject to view from any person, from any direction. The Declarant reserves the right for itself, its successors and assigns, to contract for garbage collection services for each lot in the subdivision and the lot owner shall be responsible for the payment of such garbage services to the company providing the same.

Section 7. Exterior Lights: All light bulbs or other lights installed in any fixture located on the exterior of any dwelling, building or other structure located on any Lot shall be clear or white lights or bulbs. No mercury vapor or similar wide area lighting similar to street lights shall be allowed without prior Architectural Control Committee approval.

Section 8. Sight Distance at Intersections: No fence, wall, hedge or shrub planting which obstructs sight lines at elevations between 2 and 6 feet above the roadways shall be placed or permitted to remain on any corner lot within the triangular area formed by the street property lines and a line connecting them at points twenty-five (25) feet from the intersection of the street lines, or in the case of a rounded property corner, from the intersection of the street property lines extended. The same sight line limitations shall apply on any lot within ten (10) feet from the intersection of a street property line with the edge of a driveway or alley pavement. No tree shall be permitted to remain within such distances of such intersection unless the foliage line is maintained at sufficient height to prevent obstruction of such sight lines.

Section 9. Mailboxes: All mailboxes shall retain the same style, design, color and

location of the mailbox as originally provided at construction of any residence. The Architectural Control Committee reserves the right to approve the style, design, color and location prior to any original installation or replacement. Application shall be made to the Architectural Control Committee prior to installation or replacement. By accepting a deed to any subject property, owner gives the Architectural Control Committee the right to remove any nonapproved mailbox in a reasonable manner; all costs for same shall be paid by owner, and all damages against the Architectural Control Committee are waived.

Section 10. Signs: No sign, billboard, or other advertising of any kind, including without limitation professionally prepared "for sale" and "for rent" signs, shall be placed or erected on any Lot, right of way or Common Area save and except a professionally prepared "for sale" or "for rent" sign not to exceed six (6) square feet in size. Although approval by the Architectural Control Committee is not required prior to the display of such signs, the Architectural Control Committee may itself remove, have removed, or require the removal of any such sign which in its opinion would not otherwise be allowed under paragraph 6 of this Declaration. A valid easement shall exist on any Lot for such removal by the Architectural Control Committee or its agents. Provided, however, nothing shall prohibit or limit in any manner "construction" signs designating the job site and builder which may be placed upon a Lot during the period of the construction of a residential dwelling on the Lot but must be immediately removed upon final completion of such construction. Notwithstanding the above, any additions to the Project Property in the Development area may be further limited in regard to signs, billboards or advertising as set out in any Supplemental Declaration. Nothing herein shall prohibit any sign erected by the Declarant or its assigns.

Section 11. Antennas: There shall be no exterior antenna of any kind for receiving and/or sending of T.V., radio or other signals unless same have first been approved by the Architectural Control Committee. In any event, it shall not be viewable from any other lot.

Section 12. Driveways/Parking: All driveways constructed on any Lot shall be paved with either asphalt or concrete. An Owner shall provide a minimum of one (1) paved off-street parking space(s), excluding garage space(s) and shall provide at least one per automobile or other vehicle owned and regularly used at the Lot. On street parking is prohibited except for temporary, short gatherings.

Section 13. Subdivision: No lot shall be subdivided if the result of each subdivision is separate ownership of less than a whole lot; provided, however, that the Declarant, its successors or assigns, reserves the right to make minor boundary line adjustments between lots so long as said adjustment does not exceed ten percent (10%) of the total area of a given lot; and further provided that one lot may be combined with another lot or lots or a portion thereof

to create a larger lot, in which case these Restrictive Covenants shall be construed to apply to the larger lot so created.

Section 14. Vehicles, Boats, Storage, Travel Trailers, etc.: No vehicle without current inspection sticker, vehicle over 5000 pounds empty weight, camper trailer, motor homes or bus shall be parked overnight on any lot except in an enclosed garage; provided, however, guests of an owner may so park such vehicle for a period not to exceed seven (7) days each calendar year. A pleasure boat on its trailer may be parked and raw firewood, bicycles, motorcycles, or other items may be stored only on that part of any lot away from the street lying beyond the front line of the house so that it is not viewable from any street. No automobile, other vehicle(s), motorcycle(s) or other similar items shall be repaired or placed "on blocks" or stands except in an enclosed garage.

Section 15. Window Appearance: All draperies or other window dressings viewable from the exterior of a dwelling unit shall be white or off white or in lieu thereof shall have a white lining.

Section 16. Trees: Except as to development or construction by Declarant, or as may be approved by the Architectural Control Committee, no tree four (4") inches in diameter at any location on said tree or ten feet (10') in height shall be cut, removed or intentionally damaged on any Lot unless first approved by Architectural Control Committee.

Section 17. Swimming pools: Outdoor swimming pools, hot tubs, jacuzzis, and other similar facilities may be located on a lot only after the Architectural Control Committee approval, and shall be screened and fenced. All such improvements shall be subject to approval and compliance with all governmental laws and regulations.

Section 18. Clotheslines: Clotheslines shall be not more than six (6) feet in height from the ground and shall not be viewable from the street, or shall be surrounded by a privacy fence approved by the Architectural Control Committee.

Section 19. Fence Minimum Requirements: No fences over four (4) feet in height shall be constructed on any lot. No fence shall be erected between any building and the street right of way. Any portion of any fence which can be viewed from the street right of way shall be of an ornamental nature. The term fence shall include but not be limited to, a wall, fence, landscaping, berm, or hedge which act as a fence or privacy or security inducing structure. Architectural review requirements must be met prior to construction of any fence.

Section 20. Street Lighting Agreement: The developer reserves the right to subject the

real property in this subdivision to a contract with an electric utility company for the installation of underground electric cables and/or the installation of street lighting, either or both which may require an initial payment and/or a continuing monthly payment to an electric utility company by the owner of each dwelling.

3. ARCHITECTURAL CONTROL COMMITTEE:

Section 1. Except for original and initial construction and subsequent modification of improvements by the Declarant on any Lot which such construction is and shall be exempt from the provisions of this provision, no building, wall, fence, landscaping, berm or hedge which act as a fence or privacy inducing structure, pier, dock, ornamentation, or other structure or improvements of any nature shall be erected, placed or altered on any Lot until the construction plans and specifications and a plan showing the location of the structure and landscaping as may be required by the Architectural Control Committee have been approved in writing by the Architectural Control Committee. Each building, wall, fence or other structure or improvements of any nature, together with any ornamentation or landscaping, shall be erected, placed or altered upon the premises only in accordance with the plans and specifications and plot plan so approved. Refusal of approval of plans, specifications and plot plans, or any of them, may be based on any ground, including purely aesthetic grounds, which in the sole and uncontrolled discretion of said Architectural Control Committee deem sufficient. Any change in the appearance of any building, wall, fence or other structure or improvements and any change in the appearance of the landscaping (excepting the planting of flowers and shrubs indigenous to the area), shall be deemed an alteration requiring approval. The Architectural Control Committee shall have the power to promulgate such rules and regulations as it deems necessary to carry out the provisions and intent of this paragraph.

Section 2. (a) Within 30 days after receipt of all required information, the Architectural Control Committee shall submit in writing to the owner of the lot a response stating whether or not the requested improvements are approved. Unless a response is given by the Architectural Control Committee within 30 days, the plan shall be deemed approved. The response of the Architectural Control Committee may be an approval, a denial, an approval with conditions or a request for additional information. A request for additional information shall be deemed a determination that the information submitted was inadequate and the 30 day time period for response shall only commence upon the receipt of the requested additional information. Conditional approvals may be granted and if approval with conditions is granted and thereafter construction begins, the construction shall be deemed approved by the owner of the lot of the conditions imposed.

(b) Refusal of approval of plans, specifications and plot plans or any of them may be based upon any ground, including purely aesthetic grounds, which in the sole and uncontrolled discretion of the Architectural Control Committee shall deem sufficient. The Architectural

Control Committee shall make the following affirmative findings before any plans are approved:

- (1) That the improvements sought to be constructed will not have a negative economic impact on any other lot within the subdivision.
- (2) That all required specific buildings standards and other conditions contained within the Restrictive Covenants, By Laws and other subdivision documents have been met.
- (3) That the improvements are architecturally compatible with proposed or constructed improvements on other lots within the subdivision.
- (4) That the natural features of the lot have been retained to the maximum extent possible.

Section 3. The paint, coating, stain and other exterior finishing colors on all buildings may be maintained as that originally installed, without prior approval of the Architectural Control Committee, but prior approval by the Architectural Control Committee shall be necessary before any such exterior finishing color is changed.

Section 4. Until such time as the sale of the last numbered lot in the subject property is evidenced by the recordation of a deed therefore, all rights, privileges, powers and authority granted herein to the initial Architectural Control Committee, to whom the specific power to act hereunder is expressly conveyed, shall be exercised by Declarant, its successors or assigns. In the event of the dissolution of Declarant or the failure of Declarant to specifically assign the rights, privileges, powers and authority hereunder prior to the sale of the last numbered lot in the subdivision known as the subject property, then any owner may provide notice to each owner by registered mail of a meeting to be held not less than 30 days thereafter, where the owners may elect, by a majority vote of those present and a quorum having been obtained, an Architectural Control Committee. The said committee shall be composed of three (3) owners and who shall serve until the next meeting. At any time after the initial meeting, the individual owners of record of three (3) lots may call a meeting to be held after 30 days notice by registered mail to all of the other said lot owners of record, and may elect a new Architectural Control Committee, fill any vacancies on the Architectural Control Committee, or remove the members of the existing Architectural Control Committee. A quorum for any meeting of individual lot owners shall be the owners of at least ten percent (10%) of the lots in the subdivision known as the subject property.

Section 5. A majority of the Architectural Control Committee may take any action said Committee is empowered to take, may designate a representative to act for the Architectural Control Committee, and may, upon the approval of the Board of Directors, employ personnel and consultants to act for it. In the event of death, disability or resignation of any member of the Architectural Control Committee, the remaining members shall have full authority to

designate a successor. The members of the Architectural Control Committee shall not be entitled to any compensation for services performed pursuant to this covenant. The Architectural Control Committee may establish a fee to cover the expense of reviewing plans and related data at the time plans are submitted for review in order to compensate any consulting architects, landscape architects, urban designers or attorneys.

Section 6. Any requirement for registered mail service shall be complied with by mailing said notice to the address shown on the county tax records for the respective lot owner.

For a period of two (2) years from the date of conveyance of the first Lot in the subject property, the Declarant reserves a blanket easement and right of way on, over and under the ground to maintain and correct drainage of surface water in order to maintain reasonable standards of health, safety and appearance. Such right expressly includes the right to cut any trees, bushes or shrubbery, make any gradings of the soil, or to take any other similar action reasonably necessary. Following such action the Declarant shall restore the affected property to its original condition as near as practical. The Declarant shall give reasonable notice of its intent to take such action to all affected Owners, unless in the opinion of the Declarant an emergency exists which precludes such notice. At the expiration of such two (2) year period, said easement to correct drainage shall automatically expire.

5. GENERAL PROVISIONS:

Section 1. Term: These covenants are to run with the land and shall be binding on all

parties and all persons claiming under them for a period of twenty (20) years from the date these covenants are recorded, after which time such covenants shall be automatically extended for successive periods of ten (10) years.

After the expiration of the initial twenty (20) year period, these restrictions are subject to being altered, modified, cancelled or changed at any time as to said subdivision as a whole or as to any subdivided lot or part thereof by written document executed by not less than seventy-five percent (75%) of the Lot Owners, and recorded in the office of the Register of Deeds of the County in which this Declaration is recorded.

other than a single, one (1) family dwelling not to exceed three (3) stories in height, (which may include separate living quarters for one or more members of the owners' family or relative), a private garage which may contain living quarters for occupancy by domestic servants of the lot occupant only, provided that the same are constructed in line with general architectural design and construction standards used as the dwelling itself. Each dwelling shall contain a minimum of 820 heated square feet, and if two-story, the first floor shall contain a minimum of 500 square feet. This covenant shall not be construed as prohibiting the use of a new dwelling as a model home for sales/rental purposes.

Section 2. Prohibited Structure: No structure of a temporary character, trailer, basement, tent, shack, garage, barn or other outbuilding shall be used on any Lot at any time as a residence either temporary or permanently. No trailer, mobile home, camper or like vehicle shall be allowed on the property at any time, or any other structure which is finished or partially finished at a manufacturing unit or plant and transported for quick assembly or which is designed to be disassembled and relocated shall be allowed. It is specifically the intention and purpose of this covenant to prohibit the location of mobile homes, trailers, modular houses, relocatable houses, or similar type structures on the property. This covenant shall not be construed as prohibiting the use of such a structure as a sales/rental model, office or construction site facility.

Section 3. Building Location: No building, residence, garage or other permitted accessory building shall be located on any lot nearer to the front line, any side street line, interior or rear lot line, than as shown on the recorded plat. For the purpose of this covenant, eaves, steps, open porches, and carports shall not be considered as a part of a building provided, however, that this shall not be construed to permit any portion of a building on a lot to encroach upon another lot. An error of not more than ten (10) percent in the location of a building on the lot with respect to the minimum set back lines shall not be considered a violation of this covenant.

Section 4. Nuisances: No noxious, offensive, or illegal activity shall be carried on or conducted upon any Lot nor shall anything be done on any Lot that shall be or become an unreasonable annoyance or nuisance to the neighborhood. All Lots, whether occupied or unoccupied, shall be well maintained and no unattractive growth or accumulation of rubbish or debris shall be permitted to remain on a Lot. No automobile, other vehicle(s), motorcycle(s) or other similar items shall be repaired or placed "on blocks" or stands except in an enclosed garage. Declarant, its successors or assigns, reserves the right to enter upon and cut grass, weeds, or undergrowth on any lot or easement, but shall be under no obligation to do so. The Declarant may contract for, and assess to owner, any maintenance necessary to enforce his covenant.

Section 5. Animals: No animals, livestock, or poultry of any kind shall be kept or maintained on any Lot or in any dwelling except that household pets may be kept provided that

said pet shall not exceed fifty (50) pounds in weight and are not kept for breeding or commercial purposes. Any such household pet shall not be allowed off the Lot of the Owner of said pet unless said pet is attended and on a leash. Owners shall be solely and absolutely liable for the acts of any pet kept on their Lot.

Section 6. Garbage and Refuse Disposal: No lot shall be used or maintained as a dumping ground for rubbish. Trash, garbage or other waste shall not be burned or disposed of on any Lot and shall be kept in sanitary containers approved by the Architectural Control Committee. All equipment for the storage prior to disposal of such material shall be kept in a clean and sanitary condition. The placement of containers shall be approved by the Architectural Control Committee and, in any event, shall be kept in an enclosed area not subject to view from any person, from any direction. The Declarant reserves the right for itself, its successors and assigns, to contract for garbage collection services for each lot in the subdivision and the lot owner shall be responsible for the payment of such garbage services to the company providing the same.

Section 7. Exterior Lights: All light bulbs or other lights installed in any fixture located on the exterior of any dwelling, building or other structure located on any Lot shall be clear or white lights or bulbs. No mercury vapor or similar wide area lighting similar to street lights shall be allowed without prior Architectural Control Committee approval.

Section 8. Sight Distance at Intersections: No fence, wall, hedge or shrub planting which obstructs sight lines at elevations between 2 and 6 feet above the roadways shall be placed or permitted to remain on any corner lot within the triangular area formed by the street property lines and a line connecting them at points twenty-five (25) feet from the intersection of the street lines, or in the case of a rounded property corner, from the intersection of the street property lines extended. The same sight line limitations shall apply on any lot within ten (10) feet from the intersection of a street property line with the edge of a driveway or alley pavement. No tree shall be permitted to remain within such distances of such intersection unless the foliage line is maintained at sufficient height to prevent obstruction of such sight lines.

Section 9. Mailboxes: All mailboxes shall retain the same style, design, color and location of the mailbox as originally provided at construction of any residence. The Architectural Control Committee reserves the right to approve the style, design, color and location prior to any original installation or replacement. Application shall be made to the Architectural Control Committee prior to installation or replacement. By accepting a deed to any subject property, owner gives the Architectural Control Committee the right to remove any nonapproved mailbox in a reasonable manner; all costs for same shall be paid by owner, and all damages against the Architectural Control Committee are waived.

Section 10. Signs: No sign, billboard, or other advertising of any kind, including

Although approval by the Architectural Control Committee is not required prior to the display of such signs, the Architectural Control Committee may itself remove, have removed, or require the removal of any such sign which in its opinion would not otherwise be allowed under paragraph 6 of this Declaration. A valid easement shall exist on any Lot for such removal by the Architectural Control Committee or its agents. Provided, however, nothing shall prohibit or limit in any manner "construction" signs designating the job site and builder which may be placed upon a Lot during the period of the construction of a residential dwelling on the Lot but must be immediately removed upon final completion of such construction. Notwithstanding the above, any additions to the Project Property in the Development area may be further limited in regard to signs, billboards or advertising as set out in any Supplemental Declaration. Nothing herein shall prohibit any sign erected by the Declarant or its assigns.

Section 11. Antennas: There shall be no exterior antenna of any kind for receiving and/or sending of T.V., radio or other signals unless same have first been approved by the Architectural Control Committee. In any event, it shall not be viewable from any other lot.

On street parking is prohibited except for temporary, short gatherings.

Section 13. Subdivision: No lot shall be subdivided if the result of each subdivision is separate ownership of less than a whole lot; provided, however, that the Declarant, its successors or assigns, reserves the right to make minor boundary line adjustments between lots so long as said adjustment does not exceed ten percent (10%) of the total area of a given lot; and further provided that one lot may be combined with another lot or lots or a portion thereof to create a larger lot, in which case these Restrictive Covenants shall be construed to apply to the larger lot so created.

Section 14. Vehicles, Boats, Storage, Travel Trailers, etc.: No vehicle without current inspection sticker, vehicle over 5000 pounds empty weight, camper trailer, motor homes or bus shall be parked overnight on any lot except in an enclosed garage; provided, however, guests of an owner may so park such vehicle for a period not to exceed seven (7) days each calendar year. A pleasure boat on its trailer may be parked and raw firewood, bicycles, motorcycles, or other items may be stored only on that part of any lot away from the street lying beyond the front line of the house so that it is not viewable from any street. No automobile, other vehicle(s), motorcycle(s) or other similar items shall be repaired or placed "on blocks" or stands except in an enclosed garage.

Section 15. Window Appearance: All draperies or other window dressings viewable from the exterior of a dwelling unit shall be white or off white or in lieu thereof shall have a white lining.

Section 17. Swimming pools: Outdoor swimming pools, hot tubs, jacuzzis, and other similar facilities may be located on a lot only after the Architectural Control Committee approval, and shall be screened and fenced. All such improvements shall be subject to approval and compliance with all governmental laws and regulations.

Section 18. Clotheslines: Clotheslines shall be not more than six (6) feet in height from the ground and shall not be viewable from the street, or shall be surrounded by a privacy fence approved by the Architectural Control Committee.

Section 19. Fence Minimum Requirements: No fences over six (6) feet in height shall be constructed on any lot. No fence shall be erected between the rear of any building and the street right of way. specifications and plot plan so approved. Refusal of approval of plans, specifications and plot plans, or any of them, may be based on any ground, including purely aesthetic grounds, which in the sole and uncontrolled discretion of said Architectural Control Committee deem sufficient. Any change in the appearance of any building, wall, fence or other structure or improvements and any change in the appearance of the landscaping (excepting the planting of flowers and shrubs indigenous to the area), shall be deemed an alteration requiring approval. The Architectural Control Committee shall have the power to promulgate such rules and regulations as it deems necessary to carry out the provisions and intent of this paragraph.

Section 2. (a) Within 30 days after receipt of all required information, the Architectural Control Committee shall submit in writing to the owner of the lot a response stating whether or not the requested improvements are approved. Unless a response is given by the Architectural Control Committee within 30 days, the plan shall be deemed approved. The response of the Architectural Control Committee may be an approval, a denial, an approval with conditions or a request for additional information. A request for additional information shall be deemed a determination that the information submitted was inadequate and the 30 day time period for response shall only commence upon the receipt of the requested additional information. Conditional approvals may be granted and if approval with conditions is granted and thereafter construction begins, the construction shall be deemed approved by the owner of the lot of the conditions imposed.

(b) Refusal of approval of plans, specifications and plot plans or any of them may be based upon any ground, including purely aesthetic grounds, which in the sole and uncontrolled discretion of the Architectural Control Committee shall deem sufficient. The Architectural Control Committee shall make the following affirmative findings before any plans are approved:

- (1) That the improvements sought to be constructed will not have a negative economic impact on any other lot within the subdivision.
- (2) That all required specific buildings standards and other conditions contained within the Restrictive Covenants, By Laws and other subdivision documents have been met.
- (3) That the improvements are architecturally compatible with proposed or constructed improvements on other lots within the subdivision.
- (4) That the natural features of the lot have been retained to the maximum extent possible.

Section 3. The paint, coating, stain and other exterior finishing colors on all buildings may be maintained as that originally installed, without prior approval of the Architectural Control Committee, but prior approval by the Architectural Control Committee shall be necessary before any such exterior finishing color is changed.

In the event of the dissolution of Declarant or the failure of Declarant to specifically assign the rights, privileges, powers and authority hereunder prior to the sale of the last numbered lot in the subdivision known as the subject property, then any owner may provide notice to each owner by registered mail of a meeting to be held not less than 30 days thereafter, where the owners may elect, by a majority vote of those present and a quorum having been obtained, an Architectural Control Committee. The said committee shall be composed of three (3) owners and who shall serve until the next meeting. At any time after the initial meeting, the individual owners of record of three (3) lots may call a meeting to be held after 30 days notice by registered mail to all of the other said lot owners of record, and may elect a new Architectural Control Committee, fill any vacancies on the Architectural Control Committee, or remove the members of the existing Architectural Control Committee. A quorum for any meeting of individual lot owners shall be the owners of at least ten percent (10%) of the lots in the subdivision known as the subject property.

In the event of death, disability or resignation of any member of the Architectural Control Committee, the remaining members shall have full authority to designate a successor. The members of the Architectural Control Committee shall not be entitled to any compensation for services performed pursuant to this covenant. The Architectural Control Committee may establish a fee to cover the expense of reviewing plans and related data at the time plans are submitted for review in order to compensate any consulting architects, landscape architects, urban designers or attorneys.

Section 6. Any requirement for registered mail service shall be complied with by mailing said notice to the address shown on the county tax records for the respective lot owner. ARCH-WOA.PAR(060193)

Such right expressly includes the right to cut any trees, bushes or shrubbery, make any gradings of the soil, or to take any other similar action reasonably necessary. Following such action the Declarant shall restore the affected property to its original condition as near as practical. The Declarant shall give reasonable notice of its intent to take such action to all affected Owners, unless in the opinion of the Declarant an emergency exists which precludes such notice. At the expiration of such two (2) year period, said easement to correct drainage shall automatically expire.

other than a single, one (1) family dwelling not to exceed three (3) stories in height, (which may include separate living quarters for one or more members of the owners' family or relative), a private garage which may contain living quarters for occupancy by domestic servants of the lot occupant only, provided that the same are constructed in line with general architectural design and construction standards used as the dwelling itself. Each dwelling shall contain a minimum of 820 heated square feet, and if two-story, the first floor shall contain a minimum of 500 square feet. This covenant shall not be construed as prohibiting the use of a new dwelling as a model home for sales/rental purposes.

Section 2. Prohibited Structure: No structure of a temporary character, trailer, basement, tent, shack, garage, barn or other outbuilding shall be used on any Lot at any time as a residence either temporary or permanently. No trailer, mobile home, camper or like vehicle shall be allowed on the property at any time, or any other structure which is finished or partially finished at a manufacturing unit or plant and transported for quick assembly or which is designed to be disassembled and relocated shall be allowed. It is specifically the intention and purpose of this covenant to prohibit the location of mobile homes, trailers, modular houses, relocatable houses, or similar type structures on the property. Section 3. An error of not more than ten (10) percent in the location of a building on the lot with respect to the minimum set back lines shall not be considered a violation of this covenant.

Section 4. Nuisances: No noxious, offensive, or illegal activity shall be carried on or conducted upon any Lot nor shall anything be done on any Lot that shall be or become an unreasonable annoyance or nuisance to the neighborhood. The Declarant reserves the right for itself, its successors and assigns, to contract for garbage collection services for each lot in the subdivision and the lot owner shall be responsible for the payment of such garbage services to the company providing the same.

Section 7. Exterior Lights: All light bulbs or other lights installed in any fixture located on the exterior of any dwelling, building or other structure located on any Lot shall be clear or white lights or bulbs. No mercury vapor or similar wide area lighting similar to street lights shall be allowed without prior Architectural Control Committee approval.

Section 8. Sight Distance at Intersections: No fence, wall, hedge or shrub planting which obstructs sight lines at elevations between 2 and 6 feet above the roadways shall be placed or permitted to remain on any corner lot within the triangular area formed by the street property lines and a line connecting them at points twenty-five (25) feet from the intersection of the street lines, or in the case of a rounded property corner, from the intersection of the street property lines extended. The same sight line limitations shall apply on any lot within ten (10) feet from the intersection of a street property line with the edge of a driveway or alley pavement. No tree shall be permitted to remain within such distances of such intersection unless the foliage line is maintained at sufficient height to prevent obstruction of such sight lines.

Section 9. Mailboxes: All mailboxes shall retain the same style, design, color and location of the mailbox as originally provided at construction of any residence. The Architectural Control Committee reserves the right to approve the style, design, color and location prior to any original installation or replacement. Application shall be made to the Architectural Control Committee prior to installation or replacement. By accepting a deed to any subject property, owner gives the Architectural Control Committee the right to remove any nonapproved mailbox in a reasonable manner; all costs for same shall be paid by owner, and all damages against the Architectural Control Committee are waived.

without limitation professionally prepared "for sale" and "for rent" signs, shall be placed or erected on any Lot, right of way or Common Area save and except a professionally prepared "for sale" or "for rent" sign not to exceed six (6) square feet in size. Although approval by the Architectural Control Committee is not required prior to the display of such signs, the Architectural Control Committee may itself remove, have removed, or require the removal of any such sign which in its opinion would not otherwise be allowed under paragraph 6 of this Declaration. A valid easement shall exist on any Lot for such removal by the Architectural Control Committee or its agents. Provided, however, nothing shall prohibit or limit in any manner "construction" signs designating the job site and builder which may be placed upon a Lot during the period of the construction of a residential dwelling on the Lot but must be immediately removed upon final completion of such construction. Notwithstanding the above, any additions to the Project Property in the Development area may be further limited in regard to signs, billboards or advertising as set out in any Supplemental Declaration. Nothing herein shall prohibit any sign erected by the Declarant or its assigns.

Section 11. Antennas: There shall be no exterior antenna of any kind for receiving and/or sending of T.V., radio or other signals unless same have first been approved by the Architectural Control Committee. In any event, it shall not be viewable from any other lot.

An Owner shall provide a minimum of one (1) paved off-street parking space(s), excluding garage space(s) and shall provide at least one per automobile or other vehicle owned and regularly used at the Lot. On street parking is prohibited except for temporary, short gatherings.

Section 13. Subdivision: No lot shall be subdivided if the result of each subdivision is separate ownership of less than a whole lot; provided, however, that the Declarant, its successors or assigns, reserves the right to make minor boundary line adjustments between lots so long as said adjustment does not exceed ten percent (10%) of the total area of a given lot; and further provided that one lot may be combined with another lot or lots or a portion thereof to create a larger lot, in which case these Restrictive Covenants shall be construed to apply to the larger lot so created.

Section 14. Vehicles, Boats, Storage, Travel Trailers, etc: No vehicle without current inspection sticker, vehicle over 5000 pounds empty weight, camper trailer, motor homes or bus shall be parked overnight on any lot except in an enclosed garage; provided, however, guests of an owner may so park such vehicle for a period not to exceed seven (7) days each calendar year. A pleasure boat on its trailer may be parked and raw firewood, bicycles, motorcycles, or other items may be stored only on that part of any lot away from the street lying beyond the front line of the house so that it is not viewable from any street. No automobile, other vehicle(s), motorcycle(s) or other similar items shall be repaired or placed "on blocks" or stands except in an enclosed garage.

Section 15. Window Appearance: All draperies or other window dressings viewable from the exterior of a dwelling unit shall be white or off white or in lieu thereof shall have a white lining.

Section 16. Trees: Except as to development or construction by Declarant, or as may be approved by the Architectural Control Committee, no tree four (4") inches in diameter at any location on said tree or ten feet (10') in height shall be cut, removed or intentionally damaged on any Lot unless first approved by Architectural Control Committee.

Section 17. All such improvements shall be subject to approval and compliance with all governmental laws and regulations.

Section 18. Clotheslines: Clotheslines shall be not more than six (6) feet in height from the ground and shall not be viewable from the street, or shall be surrounded by a privacy fence approved by the Architectural Control Committee.

Section 19. Fence Minimum Requirements: No fences over six (6) feet in height shall be constructed on any lot. No fence shall be erected between the rear of any building and the street right of way. Any portion of any fence which can be viewed from the street right of way shall be of an ornamental nature. Architectural review requirements must be met prior to construction of any fence.

Section 20. Street Lighting Agreement: The developer reserves the right to subject the real property in this subdivision to a contract with an electric utility company for the installation of underground electric cables and/or the installation of street lighting, either or both which may require an initial payment and/or a continuing monthly payment to an electric utility company by the owner of each dwelling.

3. ARCHITECTURAL CONTROL COMMITTEE:

Section 1. specifications and plot plan so approved. Refusal of approval of plans, specifications and plot plans, or any of them, may be based on any ground, including purely aesthetic grounds, which in the sole and uncontrolled discretion of said Architectural Control Committee deem sufficient. Any change in the appearance of any building, wall, fence or other structure or improvements and any change in the appearance of the landscaping (excepting the planting of flowers and shrubs indigenous to the area), shall be deemed an alteration requiring approval. The Architectural Control Committee shall have the power to promulgate such rules and regulations as it deems necessary to carry out the provisions and intent of this paragraph.

Section 2. (a) Within 30 days after receipt of all required information, the Architectural Control Committee shall submit in writing to the owner of the lot a response stating whether or not the requested improvements are approved. Unless a response is given by the Architectural Control Committee within 30 days, the plan shall be deemed approved. The response of the Architectural Control Committee may be an approval, a denial, an approval with conditions or a request for additional information. A request for additional information shall be deemed a determination that the information submitted was inadequate and the 30 day time period for response shall only commence upon the receipt of the requested additional information. Conditional approvals may be granted and if approval with conditions is granted and thereafter construction begins, the construction shall be deemed approved by the owner of the lot of the conditions imposed.

(b) Refusal of approval of plans, specifications and plot plans or any of them may be based upon any ground, including purely aesthetic grounds, which in the sole and uncontrolled discretion of the Architectural Control Committee shall deem sufficient. The Architectural Control Committee shall make the following affirmative findings before any plans are approved:

- (1) That the improvements sought to be constructed will not have a negative economic impact on any other lot within the subdivision.
- (2) That all required specific buildings standards and other conditions contained within the Restrictive Covenants, By Laws and other subdivision documents have been met.
- (3) That the improvements are architecturally compatible with proposed or constructed improvements on other lots within the subdivision.
- (4) That the natural features of the lot have been retained to the maximum extent possible.

Section 3. The paint, coating, stain and other exterior finishing colors on all buildings may be maintained as that originally installed, without prior approval of the Architectural Control Committee, but prior approval by the Architectural Control Committee shall be necessary before any such exterior finishing color is changed.

At any time after the initial meeting, the individual owners of record of three (3) lots may call a meeting to be held after 30 days notice by registered mail to all of the other said lot owners of record, and may elect a new Architectural Control Committee, fill any vacancies on the Architectural Control Committee, or remove the members of the existing Architectural Control Committee. A quorum for any meeting of individual lot owners shall be the owners of at least ten percent (10%) of the lots in the subdivision known as the subject property.

In the event of death, disability or resignation of any member of the Architectural Control Committee, the remaining members shall have full authority to designate a successor. The members of the Architectural Control Committee shall not be entitled to any compensation for services performed pursuant to this covenant. The Architectural Control Committee may establish a fee to cover the expense of reviewing plans and related data at the time plans are submitted for review in order to compensate any consulting architects, landscape architects, urban designers or attorneys.

Section 6. Any requirement for registered mail service shall be complied with by mailing said notice to the address shown on the county tax records for the respective lot owner.

Following such action the Declarant shall restore the affected property to its original condition as near as practical. The Declarant shall give reasonable notice of its intent to take such action to all affected Owners, unless in the opinion of the Declarant an emergency exists which precludes such notice. At the expiration of such two (2) year period, said easement to correct drainage shall automatically expire.

A valid easement shall exist on any Lot for such removal by the Architectural Control Committee or its agents. Provided, however, nothing shall prohibit or limit in any manner "construction" signs designating the job site and builder which may be placed upon a Lot during the period of the construction of a residential dwelling on the Lot but must be immediately removed upon final completion of such construction. Section 19. Fence Minimum Requirements: No fences over six (6) feet in height shall be constructed on any lot. No fence shall be erected between the rear of any building and the street right of way. Any portion of any fence which can be viewed from the street right of way shall be of an ornamental nature. The term fence shall include but not be limited to, a wall, fence, landscaping, berm, or hedge which act as a fence or privacy or security inducing structure. Architectural review requirements must be met prior to construction of any fence.

in writing by the Architectural Control Committee. Each building, wall, fence or other structure or improvements of any nature, together with any ornamentation or landscaping, shall be erected, placed or altered upon the premises only in accordance with the plans and specifications and plot plan so approved. Refusal of approval of plans, specifications and plot plans, or any of them, may be based on any ground, including purely aesthetic grounds, which in the sole and uncontrolled discretion of said Architectural Control Committee deem sufficient. Any change in the appearance of any building, wall, fence or other structure or improvements and any change in the appearance of the landscaping (excepting the planting of flowers and shrubs indigenous to the area), shall be deemed an alteration requiring approval. The Architectural Control Committee shall have the power to promulgate such rules and regulations as it deems necessary to carry out the provisions and intent of this paragraph.

Section 2. (a) Within 30 days after receipt of all required information, the Architectural Control Committee shall submit in writing to the owner of the lot a response stating whether or not the requested improvements are approved. Unless a response is given by the Architectural Control Committee within 30 days, the plan shall be deemed approved. The response of the Architectural Control Committee may be an approval, a denial, an approval with conditions or a request for additional information. A request for additional information shall be deemed a determination that the information submitted was inadequate and the 30 day time period for response shall only commence upon the receipt of the requested additional information. Conditional approvals may be granted and if approval with conditions is granted and thereafter construction begins, the construction shall be deemed approved by the owner of the lot of the conditions imposed.

(b) Refusal of approval of plans, specifications and plot plans or any of them may be based upon any ground, including purely aesthetic grounds, which in the sole and uncontrolled discretion of the Architectural Control Committee shall deem sufficient. The Architectural Control Committee shall make the following affirmative findings before any plans are approved:

- (1) That the improvements sought to be constructed will not have a negative economic impact on any other lot within the subdivision.
- (2) That all required specific buildings standards and other conditions contained within the Restrictive Covenants, By Laws and other subdivision documents have been met.
- (3) That the improvements are architecturally compatible with proposed or constructed improvements on other lots within the subdivision.
- (4) That the natural features of the lot have been retained to the maximum extent possible.

Section 3. The paint, coating, stain and other exterior finishing colors on all buildings may be maintained as that originally installed, without prior approval of the Architectural Control Committee, but prior approval by the Architectural Control Committee shall be necessary before any such exterior finishing color is changed.

Section 4. Until such time as the sale of the last numbered lot in the subject property is evidenced by the recordation of a deed therefore, all rights, privileges, powers and authority granted herein to the initial Architectural Control Committee, to whom the specific power to act hereunder is expressly conveyed, shall be exercised by Declarant, its successors or assigns. In the event of the dissolution of Declarant or the failure of Declarant to specifically assign the rights, privileges, powers and authority hereunder prior to the sale of the last numbered lot in the subdivision known as the subject property, then any owner may provide notice to each owner by registered mail of a meeting to be held not less than 30 days thereafter, where the owners may elect, by a majority vote of those present and a quorum having been obtained, an Architectural Control Committee. In the event of death, disability or resignation of any member of the Architectural Control Committee, the remaining members shall have full authority to designate a successor. The members of the Architectural Control Committee shall not be entitled to any compensation for services performed pursuant to this covenant. The Architectural Control Committee may establish a fee to cover the expense of reviewing plans and related data at the time plans are submitted for review in order to compensate any consulting architects, landscape architects, urban designers or attorneys.

Section 6. Any requirement for registered mail service shall be complied with by mailing said notice to the address shown on the county tax records for the respective lot owner.

2. GENERAL RESTRICTIONS:

Section 1. Residential Use: No lot, lots, or portions thereof shall be put to any use other than for residential purposes, except that any lot may be dedicated by the Declarant for a street or roadway. No structure shall be erected, altered, placed or permitted to remain on any Lot other than a single, one (1) family dwelling not to exceed three (3) stories in height, (which may include separate living quarters for one or more members of the owners' family or relative), a private garage which may contain living quarters for occupancy by domestic servants of the lot occupant only, provided that the same are constructed in line with general architectural design and construction standards used as the dwelling itself. Each dwelling shall contain a minimum of 820 heated square feet, and if two-story, the first floor shall contain a minimum of 500 square feet. This covenant shall not be construed as prohibiting the use of a new dwelling as a model home for sales/rental purposes.

An error of not more than ten (10) percent in the location of a building on the lot with respect to the minimum set back lines shall not be considered a violation of this covenant.

Section 4. Nuisances: No noxious, offensive, or illegal activity shall be carried on or conducted upon any Lot nor shall anything be done on any Lot that shall be or become an unreasonable annoyance or nuisance to the neighborhood. or improvements of any nature shall be erected, placed or altered on any Lot until the construction plans and specifications and a plan showing the location of the structure and landscaping as may be required by the Architectural Control Committee have been approved in writing by the Architectural Control Committee. Each building, wall, fence or other structure or improvements of any nature, together with any ornamentation or landscaping, shall be erected, placed or altered upon the premises only in accordance with the plans and specifications and plot plan so approved. Refusal of approval of plans, specifications and plot plans, or any of them, may be based on any ground, including purely aesthetic grounds, which in the sole and uncontrolled discretion of said Architectural Control Committee deem sufficient. Any change in the appearance of any building, wall, fence or other structure or improvements and any change in the appearance of the landscaping (excepting the planting of flowers and shrubs indigenous to the area), shall be deemed an alteration requiring approval. The response of the Architectural Control Committee may be an approval, a denial, an approval with conditions or a request for additional information. A request for additional information shall be deemed a determination that the information submitted was inadequate and the 30 day time period for response shall only commence upon the receipt of the requested additional information. Conditional approvals may be granted and if approval with conditions is granted and thereafter construction begins, the construction shall be deemed approved by the owner of the lot of the conditions imposed.

(b) Refusal of approval of plans, specifications and plot plans or any of them may be based upon any ground, including purely aesthetic grounds, which in the sole and uncontrolled discretion of the Architectural Control Committee shall deem sufficient. The Architectural Control Committee shall make the following affirmative findings before any plans are approved:

- (1) That the improvements sought to be constructed will not have a negative economic impact on any other lot within the subdivision.
- (2) That all required specific buildings standards and other conditions contained within the Restrictive Covenants, By Laws and other subdivision documents have been met.
- (3) That the improvements are architecturally compatible with proposed or constructed improvements on other lots within the subdivision.

In the event of the dissolution of Declarant or the failure of Declarant to specifically assign the rights, privileges, powers and authority hereunder prior to the sale of the last numbered lot in the subdivision known as the subject property, then any owner may provide notice to each owner by registered mail of a meeting to be held not less than 30 days thereafter, where the owners may elect, by a majority vote of those present and a quorum having been obtained, an Architectural Control Committee. The said committee shall be composed of three (3) owners and who shall serve until the next meeting. At any time after the initial meeting, the individual owners of record of three (3) lots may call a meeting to be held after 30 days notice by registered mail to all of the other said lot owners of record, and may elect a new Architectural Control Committee, fill any vacancies on the Architectural Control Committee, or remove the members of the existing Architectural Control Committee. A quorum for any meeting of individual lot owners shall be the owners of at least ten percent (10%) of the lots in the subdivision known as the subject property.

Section 5. A majority of the Architectural Control Committee may take any action said Committee is empowered to take, may designate a representative to act for the Architectural Control Committee, and may, upon the approval of the Board of Directors, employ personnel and consultants to act for it. In the event of death, disability or resignation of any member of the Architectural Control Committee, the remaining members shall have full authority to designate a successor. The members of the Architectural Control Committee shall not be entitled to any compensation for services performed pursuant to this covenant. The Architectural Control Committee may establish a fee to cover the expense of reviewing plans and related data at the time plans are submitted for review in order to compensate any consulting architects, landscape architects, urban designers or attorneys.

than for residential purposes, except that any lot may be dedicated by the Declarant for a street or roadway. No structure shall be erected, altered, placed or permitted to remain on any Lot other than a single, one (1) family dwelling not to exceed three (3) stories in height, (which may include separate living quarters for one or more members of the owners' family or relative), a private garage which may contain living quarters for occupancy by domestic servants of the lot occupant only, provided that the same are constructed in line with general architectural design and construction standards used as the dwelling itself. Each dwelling shall contain a minimum of 820 heated square feet, and if two-story, the first floor shall contain a minimum of 500 square feet. This covenant shall not be construed as prohibiting the use of a new dwelling as a model home for sales/rental purposes.

Section 2. Prohibited Structure: No structure of a temporary character, trailer, basement, tent, shack, garage, barn or other outbuilding shall be used on any Lot at any time as a residence either temporary or permanently. No trailer, mobile home, camper or like vehicle shall be allowed on the property at any time, or any other structure which is finished or partially finished at a manufacturing unit or plant and transported for quick assembly or which is designed to be disassembled and relocated shall be allowed. It is specifically the intention and purpose of this covenant to prohibit the location of mobile homes, trailers, modular houses, relocatable houses, or similar type structures on the property. This covenant shall not be construed as prohibiting the use of such a structure as a sales/rental model, office or construction site facility.

Section 3. Building Location: No building, residence, garage or other permitted accessory building shall be located on any lot nearer to the front line, any side street line, interior or rear lot line, than as shown on the recorded plat. For the purpose of this covenant, eaves, steps, open porches, and carports shall not be considered as a part of a building provided, however, that this shall not be construed to permit any portion of a building on a lot to encroach upon another lot. An error of not more than ten (10) percent in the location of a building on the lot with respect to the minimum set back lines shall not be considered a violation of this covenant.

Section 4. Nuisances: No noxious, offensive, or illegal activity shall be carried on or conducted upon any Lot nor shall anything be done on any Lot that shall be or become an unreasonable annoyance or nuisance to the neighborhood. All Lots, whether occupied or unoccupied, shall be well maintained and no unattractive growth or accumulation of rubbish or debris shall be permitted to remain on a Lot. No automobile, other vehicle(s), motorcycle(s) or other similar items shall be repaired or placed "on blocks" or stands except in an enclosed garage. Declarant, its successors or assigns, reserves the right to enter upon and cut grass, weeds, or undergrowth on any lot or easement, but shall be under no obligation to do so. The

Declarant may contract for, and assess to owner, any maintenance necessary to enforce his covenant.

Section 5. Animals: No animals, livestock, or poultry of any kind shall be kept or maintained on any Lot or in any dwelling except that household pets may be kept provided that said pet shall not exceed fifty (50) pounds in weight and are not kept for breeding or commercial purposes. Any such household pet shall not be allowed off the Lot of the Owner of said pet unless said pet is attended and on a leash. Owners shall be solely and absolutely liable for the acts of any pet kept on their Lot.

Section 6. Garbage and Refuse Disposal: No lot shall be used or maintained as a dumping ground for rubbish. Trash, garbage or other waste shall not be burned or disposed of on any Lot and shall be kept in sanitary containers approved by the Architectural Control Committee. All equipment for the storage prior to disposal of such material shall be kept in a clean and sanitary condition. The placement of containers shall be approved by the Architectural Control Committee and, in any event, shall be kept in an enclosed area not subject to view from any person, from any direction. The Declarant reserves the right for itself, its successors and assigns, to contract for garbage collection services for each lot in the subdivision and the lot owner shall be responsible for the payment of such garbage services to the company providing the same.

Section 7. Exterior Lights: All light bulbs or other lights installed in any fixture located on the exterior of any dwelling, building or other structure located on any Lot shall be clear or white lights or bulbs. No mercury vapor or similar wide area lighting similar to street lights shall be allowed without prior Architectural Control Committee approval.

Section 8. Sight Distance at Intersections: No fence, wall, hedge or shrub planting which obstructs sight lines at elevations between 2 and 6 feet above the roadways shall be placed or permitted to remain on any corner lot within the triangular area formed by the street property lines and a line connecting them at points twenty-five (25) feet from the intersection of the street lines, or in the case of a rounded property corner, from the intersection of the street property lines extended. The same sight line limitations shall apply on any lot within ten (10) feet from the intersection of a street property line with the edge of a driveway or alley pavement. No tree shall be permitted to remain within such distances of such intersection unless the foliage line is maintained at sufficient height to prevent obstruction of such sight lines.

Section 9. Mailboxes: All mailboxes shall retain the same style, design, color and location of the mailbox as originally provided at construction of any residence. The

BOOK 1136 PAGE 592

Architectural Control Committee reserves the right to approve the style, design, color and location prior to any original installation or replacement. Application shall be made to the Architectural Control Committee prior to installation or replacement. By accepting a deed to any subject property, owner gives the Architectural Control Committee the right to remove any nonapproved mailbox in a reasonable manner; all costs for same shall be paid by owner, and all damages against the Architectural Control Committee are waived.

Section 10. Signs: No sign, billboard, or other advertising of any kind, including without limitation professionally prepared "for sale" and "for rent" signs, shall be placed or erected on any Lot, right of way or Common Area save and except a professionally prepared "for sale" or "for rent" sign not to exceed six (6) square feet in size. Although approval by the Architectural Control Committee is not required prior to the display of such signs, the Architectural Control Committee may itself remove, have removed, or require the removal of any such sign which in its opinion would not otherwise be allowed under paragraph 6 of this Declaration. A valid easement shall exist on any Lot for such removal by the Architectural Control Committee or its agents. Provided, however, nothing shall prohibit or limit in any manner "construction" signs designating the job site and builder which may be placed upon a Lot during the period of the construction of a residential dwelling on the Lot but must be immediately removed upon final completion of such construction. Notwithstanding the above, any additions to the Project Property in the Development area may be further limited in regard to signs, billboards or advertising as set out in any Supplemental Declaration. Nothing herein shall prohibit any sign erected by the Declarant or its assigns.

Section 11. Antennas: There shall be no exterior antenna of any kind for receiving and/or sending of T.V., radio or other signals unless same have first been approved by the Architectural Control Committee. In any event, it shall not be viewable from any other lot.

Section 12. Driveways/Parking: All driveways constructed on any Lot shall be paved with either asphalt or concrete. An Owner shall provide a minimum of one (1) paved off-street parking space(s), excluding garage space(s) and shall provide at least one per automobile or other vehicle owned and regularly used at the Lot. On street parking is prohibited except for temporary, short gatherings.

Section 13. Subdivision: No lot shall be subdivided if the result of each subdivision is separate ownership of less than a whole lot; provided, however, that the Declarant, its successors or assigns, reserves the right to make minor boundary line adjustments between lots so long as said adjustment does not exceed ten percent (10%) of the total area of a given lot; and further provided that one lot may be combined with another lot or lots or a portion thereof to create a larger lot, in which case these Restrictive Covenants shall be construed to apply to

the larger lot so created.

Section 14. Vehicles, Boats, Storage, Travel Trailers, etc: No vehicle without current inspection sticker, vehicle over 5000 pounds empty weight, camper trailer, motor homes or bus shall be parked overnight on any lot except in an enclosed garage; provided, however, guests of an owner may so park such vehicle for a period not to exceed seven (7) days each calendar year. A pleasure boat on its trailer may be parked and raw firewood, bicycles, motorcycles, or other items may be stored only on that part of any lot away from the street lying beyond the front line of the house so that it is not viewable from any street. No automobile, other vehicle(s), motorcycle(s) or other similar items shall be repaired or placed "on blocks" or stands except in an enclosed garage.

Section 15. Window Appearance: All draperies or other window dressings viewable from the exterior of a dwelling unit shall be white or off white or in lieu thereof shall have a white lining.

Section 16. Trees: Except as to development or construction by Declarant, or as may be approved by the Architectural Control Committee, no tree four (4") inches in diameter at any location on said tree or ten feet (10') in height shall be cut, removed or intentionally damaged on any Lot unless first approved by Architectural Control Committee.

installation of underground electric cables and/or the installation of street lighting, either or both which may require an initial payment and/or a continuing monthly payment to an electric utility company by the owner of each dwelling.

3. ARCHITECTURAL CONTROL COMMITTEE:

Section 1. Except for original and initial construction and subsequent modification of improvements by the Declarant on any Lot which such construction is and shall be exempt from the provisions of this provision, no building, wall, fence, landscaping, berm or hedge which act as a fence or privacy inducing structure, pier, dock, ornamentation, or other structure or improvements of any nature shall be erected, placed or altered on any Lot until the construction plans and specifications and a plan showing the location of the structure and landscaping as may be required by the Architectural Control Committee have been approved in writing by the Architectural Control Committee. Any change in the appearance of any building, wall, fence or other structure or improvements and any change in the appearance of the landscaping (excepting the planting of flowers and shrubs indigenous to the area), shall be deemed an alteration requiring approval. Section 2. A majority of the Architectural Control Committee may take any action said Committee is empowered to take, may designate a representative to act for the Architectural Control Committee, and may employ personnel and consultants to act for it. In the event of death, disability or resignation of any member of the Architectural Control Committee, the remaining members shall have full authority to designate a successor. The members of the Architectural Control Committee shall not be entitled to any compensation for services performed pursuant to this covenant. The Architectural Control Committee shall act on submissions to it within thirty (30) days after receipt of same, or else the request shall be deemed approved. Requests and submissions shall, however, be in such form and contain such information as the Architectural Control Committee may require prior to its being required to act.

The paint, coating, stain and other exterior finishing colors on all buildings may be maintained as that originally installed, without prior approval of the Architectural Control Committee, but prior approval by the Architectural Control Committee shall be necessary before any such exterior finishing color is changed.

Section 5. Until such time as the sale of the last numbered lot in the subject property is evidenced by the recordation of a deed therefore, all rights, privileges, powers and authority granted herein to the initial Architectural Control Committee, to whom the specific power to act hereunder is expressly conveyed, shall be exercised by Declarant, its successors or assigns. In the event of the dissolution of Declarant or the failure of Declarant to specifically assign the rights, privileges, powers and authority hereunder prior to the sale of the last numbered lot in the subdivision known as the subject property, then any owner may provide notice to each owner by registered mail of a meeting to be held not less than 30 days thereafter, where the owners may elect, by a majority vote of those present and a quorum having been obtained, an Architectural Control Committee. The said committee shall be composed of three (3) owners and who shall serve until the next meeting. At any time after the initial meeting, the individual owners of record of three (3) lots may call a meeting to be held after 30 days notice by registered mail to all of the other said lot owners of record, and may elect a new Architectural Control Committee, fill any vacancies on the Architectural Control Committee, or remove the members of the existing Architectural Control Committee.
